

[Western Balkans Info Hub & WBC-RRI.NET](#)

Let's collaborate!

We are particularly pleased to announce that the partnership with Western Balkans Info Hub has enabled key activities from WBC-RRI.NET to be featured in the second issue of the WB Info Hub newsletter.

The Western Balkans Information Hub acts as a source of high-quality targeted information on research, technology and innovation but also education, culture, youth and sports in, with and for the Western Balkans. It is supported by the project POLICY ANSWERS, funded under the Horizon Europe programme - Grant Agreement no. 10105887, and coordinated by Centre for Social Innovation (ZSI).

Current focus article:

.Enhancing R&I ecosystems in the Western Balkans through RRI. Aligning technological Innovation with Social Values

RRI's rationale is that science and technology have the power to transform the future. Therefore RRI must involve the public, take into account gender issues, promote scientific and ethical education, and thus create a governance model for science.
